BILLY 'THE BULLET' HAMILL

This fantastic four disc production does a whole host more than charting in detail the career of one of the greatest Speedway stars ever to emerge from 'across the pond' in the USA. Yes it takes you right through that career from his early days in California to his arrival on these shores back in 1990; his rise from those early days to that never-to-be-forgotten day in 1996 that saw him crowned as World Champion; and naturally it concludes with the multi-camera production of all the action from his Farewell meeting that saw so many speedway fans from nationwide flock attend so that they could pay homage to the man that had provided them with so many great moments to treasure forever over the years.

But in addition it also brings you:

- Footage from his USA racing days at Long Beach, Costa Mesa and various American title victories
- The best of 'The Bullet' during his spells in the UK at Cradley Heath, Coventry and Wolverhampton
- Much coverage of that so special World Title success in 1996 and other highlights from Billy's many, many successes on the international speedway stage
- An in-depth interview with the man himself as he talks frankly of the highs and lows of his long career
